Re: Organizational Change and Personnel Changes

Please be informed that we are going to make the following organizational change and personnel changes as of June 10, 2005.

Note

1. Summary of the organizational change

Our Sales Sector had conventionally consisted of two separate business headquarters per service line, i.e., the Enterprise Business Headquarters in charge of the data telecommunication services and telecom services intended for corporate bodies and the Telecommunication and the Battery Business Headquarters in charge of the prepaid services. They will be reorganized into the Account Management Headquarters in charge of the existing customers and the Sales Headquarters in charge of new customers in order to further reinforce the services provided to the existing corporate customers.
